

**Issue Date: 23 December 2008**

CASE NO.: 2008-CER-00002

In the Matter of

**GERRY DALE,**  
Complainant,

v.

**SCHUTT RECONDITIONING,**  
Respondent.

**ORDER DISMISSING COMPLAINT AND REQUEST FOR HEARING;  
AND CANCELING HEARING**

A hearing in the above-captioned case is scheduled to commence on January 6, 2009. On December 5, 2008, Complainant, through counsel, moved to withdraw his complaint and request for hearing in the above-captioned matter. Accordingly, I find it appropriate to GRANT Complainant's motion, and the instant matter is hereby DISMISSED with prejudice. The hearing now scheduled is hereby canceled.

On November 25, 2008, Respondent advised that Complainant was not cooperating with discovery, including attempts to schedule deposition testimony. Respondent moved me to compel Complainant's cooperation with discovery. As Complainant has withdrawn his complaint, Respondent's motion is moot, and I need not consider it.

So ORDERED.
